A small place for ideas

This two-page attachment is a demonstration document.

Replace it with an annotated PDF exported from Goodnotes.

1. Keep the original

Preserve handwritten notes, highlights and diagrams in the PDF.

2. Add context

Write a short summary in the associated Markdown note.

Use a topic and a few tags so the document is easy to find.

3. Connect the ideas

Link to related notes and record questions for the next review.

Read, reflect, return

A useful note answers a question for your future self.

Question

What is the central idea of this material?

Understanding

Explain it in your own words and keep one concrete example.

Next step

What remains unclear? Which related note should you read next?

The website indexes the Markdown summary.

Text inside PDF attachments is not indexed in this first version.
